Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	<p>The covid -19 induced lockdown from March 2020 has necessitated a shift in the pattern of education from regular to online mode. The Learning Management System Moodle was implemented in the University and extensive training was imparted to all the faculties for its effective & optimum usage. At the initial stage of lockdown, all the departments depended online platforms like Google Meet, Google Classroom, WhatsApp, e-mail etc. for sharing course contents, assignments, conducting test for fulfilling the student's internal assessment. Regular classes of M.Phil. programme and course work of Ph.D. programme concerning the academic years went on in the usual way and was not affected by lockdown. However, academic activities of IV semester students of 2018 – 2019 admission and II semester students of 2019 – 2020 admission were brought under online mode, from March 2020. Separate time table and protocol have been prepared in this regard, in accordance with the instructions of health / education departments of the state. Platforms used for online education were Google meet and Zoom. The PG students were also brought under Moodle platforms, as most of the faculty members have designed MOOCs in accordance with the course / curriculum. Even though the classes could be finished within the stipulated time, there were difficulties for the conduct of final examination, because of the special pandemic situation and also affected the conduct of the practical courses. Theory classes were conducted as per the time table, student's presentation of their seminar topics, rest of the internal examinations and project works evaluation by external examiners were all conducted in online mode. The 4th semester project of M. Tech Nanotechnology students, that has to be carried out in major research institutions, was not possible due to the nation-wide lockdown and other restrictions caused by covid-19 pandemic. They were encouraged to carry out thorough literature reviews and consultations with faculty through online conference platforms, for writing their project reports. Since there was no hostel facility available for students, special accommodation was arranged following the strict protocols imposed by the govt. in appearing for the university conducted end semester written examinations. For the dissertation/ project, wherever possible we relied more on in-silico work over the wet lab work so that we could finish the programme without much delay.</p>
