

# Calicut University Research Journal (CURJ)

ISSN: 0972-334-X

## CALL FOR SUBMISSIONS

*Calicut University Research Journal (CURJ)* invites original research writings, book reviews, and translations on “**Climate Fiction and Environmental Narratives**” for the upcoming issue.

The articles may preferably be between 3500 and 5000 words in length. Images/Photos/Graphics/Tables etc. should be attached and sent separately as PNG files, in addition to being included in-text. This is to preserve visibility and clarity while printing.

*CURJ* prefers submissions in MLA 9<sup>th</sup> Ed Style. It is recommended to use Font Times New Roman, Font Size PT 12, Line Spacing 2 (Double Spaced), and Justified alignment. Headers containing page numbers along with the surname of the author may be avoided. It is recommended to follow the British (UK) spelling. Please ensure that the respective documents are named as per the title of your research article.

Please remember to submit articles free of plagiarism. Kindly include a 100 word abstract and a short bio of the author as a separate file along with the respective article.

Please prepare your paper in Word format only and submit them as email attachments to: **curjenglish@uoc.ac.in**

No fee of any kind (including Submission Fee/Article Processing Fee/Publication Fee) is required for submission or publication of articles/papers.

An acknowledgement will be sent for all submissions. Articles will be subjected to a plagiarism check, and any submission which exceeds the standard limit will be sent back or rejected. A double-blind peer-reviewing process will be followed, and submissions might be sent back for modifications/corrections as suggested by the reviewers. Major deviations from the formatting guidelines, inconsistencies in style, and language errors will also result in submissions being returned for modification or rejected. The decision of the Editors will be final in this regard.

**The last date of submissions for the upcoming issue is 10 June 2025.**
